December 23, 2004

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Dear Supervisors:

**FAIR OAKS AVENUE
BETWEEN ALTADENA DRIVE TO GLENARM STREET
TRAFFIC SIGNAL SYNCHRONIZATION PROJECT
AWARD OF CONSULTANT SERVICES AGREEMENT
SUPERVISORIAL DISTRICT 5
3 VOTES**

IT IS RECOMMENDED THAT YOUR BOARD:

Award and authorize the Interim Director of Public Works, or his designee, to execute a consultant services agreement with Katz, Okitsu and Associates, to prepare plans, specifications, and estimates, and provide construction assistance services for the Fair Oaks Avenue Traffic Signal Synchronization Project and to establish the effective date following your Board's approval. The agreement will be for a not-to-exceed fee of \$150,000 to be financed with Los Angeles County Metropolitan Transportation Authority (Metro) Grant Funds and County Proposition C Local Return Funds.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of this action is to authorize the Interim Director of Public Works, or his designee, to execute a consultant services agreement with Katz, Okitsu and Associates, for a not-to-exceed fee of \$150,000, including \$25,000 for unforeseen additional work that may arise during progress of the work. The agreement is for the preparation of

construction documents and to provide construction support and as-built plan preparation for the proposed Fair Oaks Avenue Project located in the City of Pasadena and unincorporated County area.

When construction documents and jurisdictional approvals are completed, tentatively scheduled for December 2005, we will return to your Board to adopt plans, specifications, and advertise for bids to construct the project.

As part of our efforts to proceed with traffic signal synchronization on Countywide arterials of regional significance, we have successfully used consulting firms to perform design work of a similar nature on other projects.

Implementation of Strategic Plan Goals

This action meets the County's Strategic Plan Goals of Service Excellence and Organizational Effectiveness, as this agreement will provide for the design of traffic signal synchronization improvements on Fair Oaks Avenue using consultant staffing capability and will result in significant collaboration across jurisdictional boundaries. Completion of this project will reduce congestion, vehicle emissions, vehicle operating costs, travel time, and enhance motorist and pedestrian safety.

FISCAL IMPACT/FINANCING

There will be no impact to the County's General Fund. The recommended agreement for the project is for an aggregate not-to-exceed fee of \$150,000, including \$25,000 for unforeseen additional work. Funding for this agreement is available in the Fiscal Year 2004-05 Proposition C Local Return Fund Budget. Approximately 79 percent of the cost will be reimbursed from Proposition C Discretionary Grant Funds for the San Gabriel Valley Traffic Signal Forum under Metro's 1999 Call for Projects.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

A standard agreement in the form previously approved by County Counsel will be used for the recommended contract. The standard Board-directed clauses that provide for contract termination, renegotiation, and hiring qualified displaced County employees will be included. As required by your Board, language has been incorporated into the agreement stating that the consultant shall notify its employees, and shall require each subconsultant to notify its employees, that they may be eligible for the Federal Earned Income Credit under the Federal income tax laws. The agreement also contains provisions requiring the consultant to comply with the Safely Surrendered Baby Law.

As requested by your Board on August 12, 1997, and as a threshold requirement for consideration of a contract award, Katz, Okitsu and Associates is willing to consider Greater Avenues for Independence/General Relief Opportunity for Work Program participants for future employment.

Katz, Okitsu and Associates is in full compliance with Los Angeles County Code Chapter 2.200 (Child Support Compliance Program) and Chapter 2.203 (Contract Employee Jury Service Program).

ENVIRONMENTAL DOCUMENTATION

A finding of environmental impact is not required to award an agreement for design services. The appropriate environmental documentation will be completed prior to returning to your Board to request authorization to adopt and advertise plans and specifications to construct the project.

CONTRACTING PROCESS

On April 10, 2002, we issued a request for proposals to 31 firms to develop a select list of qualified consultants to provide as-needed traffic design services and 19 firms submitted proposals for review and evaluation. An evaluation committee, consisting of Public Works engineering staff, evaluated the proposals. These evaluations were based on technical expertise, proposed work plan, experience, personnel qualifications, and understanding of the work requirements. These evaluations were completed without regard to race, creed, color, or gender.

Based on the review and evaluation of these proposals, the committee developed a select list of eight qualified firms. The firms selected were Van Dell and Associates; Transtech Engineers; Willdan Associates; Kimley-Horn and Associates; Meyer, Mohaddes Associates, Inc.; Parsons Transportation Group; Katz, Okitsu and Associates; and Albert Grover and Associates. As stated in the request for proposals, we selected consultants from the select list of qualified consultants for each project in order of established evaluation ranking. Katz, Okitsu and Associates is the next firm on the list.

Participation by Community Business Enterprise (CBE) in the project was encouraged through Public Works' CBE Outreach Program and the requirement that consultants demonstrate their good faith effort to utilize CBEs. Katz, Okitsu and Associates is aware of Public Works' CBE Outreach Program, and their proposed CBE participation is on file with Public Works.

The Honorable Board of Supervisors
December 23, 2004
Page 4

We have evaluated and determined that the Living Wage Program (County Code Chapter 2.201) does not apply to the recommended agreement, as this agreement is for non-Proposition A services.

As requested by your Board on February 3, 1998, and to further increase consultant awareness of contracting opportunities with Public Works, the request for proposal to develop the select list of qualified consultants was posted on the "Doing Business With The County" website. Enclosed is a copy of the website posting for your reference.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

There will be no impact on current County services or projects during the performance of the recommended consultant services.

CONCLUSION

At such time as this recommendation is approved, please return one copy of this letter to us.

Respectfully submitted,

DONALD L. WOLFE
Interim Director of Public Works

Bid Title : TRAFFIC DESIGN SERVICES - Development of Select Lists

Bid Type : Service

Department : Public Works

Commodity : ENGINEERING -TRAFFIC AND TRANSPORTATION

Open Date : 4/10/2002

Closing Date : 5/2/2002 5:00 PM

Bid Amount : N/A

Bid Download : Not Available

Bid Description : The Los Angeles County Department of Public Works (Public Works) is inviting proposals from qualified firms to provide various traffic engineering services. The objective of this solicitation is to assemble two separate select lists of up to eight of the most qualified firms that demonstrate the highest level of experience and capability to provide the requested services.

Public Works may need Consultant assistance in one or both of the services listed below. Consultants may submit proposals for one or more of the service(s) described herein. A separate proposal is required for each Service. Consultants must clearly identify the Service for which a proposal package is being submitted. The services are: A) Traffic Design, and B) Traffic Signal System Design.

If you have any questions regarding this Request for Proposals or would like a copy, email Mr. Morelos at dmorelos@dpw.co.la.ca.us, or send a fax to (626) 979-5311.
